ALEMANIA

Alemania es conocida como la cuna de la uva Riesling. Un país con un clima continental frío que depende grandemente de la presencia de ríos que ayudan a templar la temperatura de los viñedos adyacentes mientras simultáneamente reflejan la luz del sol sobre las uvas, ayudando a su maduración. Rheingau, Rheinhessen, y Baden, son algunas de las regiones más importante, pero es Mosel la más conocida por sus grande vinos a veces de la uva Riesling.

ARGENTINA

Argentina es uno de los países que más ha evolucionado en su producción de vino en los últimos años. Mendoza es la región de mayor importancia, su clima semi-desértico es perfecto para la uva Malbec, la cual representa el 60% de la producción de vino en Argentina. El Cabernet Sauvignon, Cabernet Franc, Pinot Noir y Torontes son algunas de las otras uvas que podemos encontrar en las 7 regiones de producción de vino en Argentina que son, además de Mendoza, Salta, Neuquén, Río Negro, Catamarca, La Rioja y San Juan.

AUSTRALIA

Desde desiertos, bosques templados y lluviosos hasta cordilleras cubiertas de nieve. **Australia** es un país con una enorme diversidad geográfica. Esta diversidad geográfica crea evidenciada en su producción de vinos, que puede ir desde blancos crujientes elaborados con Rieslings de los Valle de Clare y Eden, hasta los opulentos y populares tintos de la uva Shiraz provenientes de Barossa y McLaren Vale.

ESPAÑA

España es el país con mayor superficie de viñedo plantada en el mundo, sin embargo están en tercer lugar en producción de vino debido al clima árido de Castilla y León, área de mayor producción. La uva Tempranillo y los de Rioja y Ribera del Duero son los más conocidos y los que más disfrutamos, pero la Ganarcha, el Albariño, y las Cavas, son otros ejemplos de la capacidad que tiene España para darnos exquisitos vinos.

ESTADOS UNIDOS

Estados Unidos es hoy día el 4to país más grande productor de vino con viñedos en los 50 estados. Desde el Riesling de los “Finger Lakes” en Nueva York hasta los grandes Cabernets de Napa Valley, la diversidad vinícola de los Estados Unidos es realmente impresionante y permite que se pueda producir un vino para todos los paladares.

FRANCIA

Francia es considerado la cuna de la industria del vino. Champagne, Borgoña y Burdeos son consideradas las mejores regiones productoras de vino en su respectivo estilo. Uvas como el Pinot Noir, la Cabernet Sauvignon, y un sin número de otras variedades tienen sus raíces en **Francia**.

ITALIA

Se dice que **Italia** cuenta con más de 3,000 variedades de uvas utilizadas para la producción de vino y sobre 400 “DOP” o Denominaciones de Origen. Desde Piedmonte, al norte de Italia y bordeando los Alpes, hasta el tacón de la bota de Italia, encontramos grandes vinos. Nebbiolo en Barolo, Sangiovese en Chianti, Pinot Grigio en Friuli y hasta Zinfandel bajo el nombre “Primitivo”, son ejemplos de la variedad y diversidad vinícola que hay en **Italia**.

NUEVA ZELANDA

Nueva Zelanda es un país joven en el tema de producción de vinos. Fue la uva Sauvignon Blanc quien los dio conocer, pero hoy día hacen exquisitos Pinot Noirs y Chardonnays. Martinboroguh, Marlborough y Central Otago son algunas de las regiones productoras de vino más importantes de **Nueva Zelanda**.

PORTUGAL

Vecinos de España en la península ibérica, comparten muchas uvas como el tempranillo y albariño. Sin embargo, son los vinos fortificados como el Porto y el Madeira los que han dado a arepsetar a **Portugal** como país productor de vinos.

SUR AFRICA

Las primeras vides fueron plantadas en **Sur África** en el siglo 17 por colonos holandeses. Hoy día Sur África produce impresionantes Chardonnays y Cabernet Sauvignons, pero son Chenin Blanc, o Steen como se le conoce en **Sur África**, junto con el Pinotage, un cruce de Pinot Noir y Cinsault, los que han dado fama a este país productor de vinos. Stellenbosch, Paarl y la region costera son responsable por producir los mejores ejemplos de vino de **Sur África**.
